### **™MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

#### **INDUSTRY OVERVIEW**

The Gems and Jewellery sector plays a significant role in the Indian economy, contributing around 7 per cent of the country's GDP. One of the fastest growing sectors, it is extremely export oriented and labour intensive. Based on its potential for growth and value addition, the Government of India has declared the Gems and Jewellery sector as a focus area for export promotion. The Government has recently undertaken various measures to promote investments and to upgrade technology and skills to promote 'Brand India' in the international market.

India is deemed to be the hub of the global jewellery market because of its low costs and availability of high-skilled labour. India is the world's largest cutting and polishing centre for diamonds, with the cutting and polishing industry being well supported by government policies. Moreover, India exports 95 per cent of the world's diamonds, (Source: Gems and Jewellery Export promotion Council (GJEPC)). India's Gems and Jewellery sector has been contributing in a big way to the country's foreign exchange earnings (FEEs). The Government of India has viewed the sector as a thrust area for export promotion. The Indian government presently allows 100 per cent Foreign Direct Investment (FDI) in the sector through the automatic route.

India is one of the largest centres for cut and polished diamonds. 9 of 10 diamonds in the world are cut and polished in India and Japan is the third largest consumer of polished diamonds and one of the leading consumers of gold, precious stones and studded jewellery in the world.

#### **NOVEL CORONAVIRUS**

An outbreak of a novel strain of the coronavirus, COVID-19, was identified in China and has subsequently been recognized as a pandemic by the World Health Organization. This coronavirus outbreak has severely restricted the level of economic activity around the world. In response to this coronavirus outbreak the governments of many countries, states, cities and other geographic regions have taken preventative or protective actions, such as imposing restrictions on travel and business operations and advising or requiring individuals to limit or forego their time outside of their homes. Given the uncertainty regarding the spread of this coronavirus, the related financial impact cannot be reasonably estimated at this time.

#### **OPPORTUNITIES & THREATS**

India is a country where jewellery and precious metal shows the status of the person, thus rendering the demand for our product relatively price inelastic. Also, there is tremendous opportunity for organized players like Mini Diamonds (India) Limited to grow as consumer tastes and preferences evolve. The new age consumer prefers convenience and quality. Although traditional jewellers still occupies 90% of the industry. This offers a huge growth opportunity players like us.

However, the jewellery industry is highly capital intensive due to its long working capital and realisation cycle. A few recent incidents of financial defaults have created a liquidity squeeze in the industry, prompting banks and financial institutions to reduce their exposure to industry players. This liquidity crunch has caused a slowdown in profitability and growth of the jewellery industry.

#### Investments/Developments opportunities

The Gems and Jewellery sector is witnessing changes in consumer preferences due to adoption of western lifestyle. Consumers are demanding new designs and varieties in jewellery, and branded jewellers are able to fulfil their changing demands better than the local unorganised players. Moreover, increase in per capita income has led to an increase in sales of jewellery, as jewellery is a status symbol in India.

The cumulative Foreign Direct Investment (FDI) inflows in diamond and gold ornaments in the period April 2000-September 2017 were US\$ 1,045.58 million, according to Department of Industrial Policy and Promotion (DIPP).

#### **Government Initiatives**

India has signed a Memorandum of Understanding (MoU) with Russia to source data on diamond trade between the two countries. India is the top global processor of diamonds, while Russia is the largest rough diamond producer. The Government of India is planning to establish a special zone with tax benefits for diamond import and trading in Mumbai, in an effort to develop the city as a rival to Antwerp and Dubai, which are currently the top trading hubs for diamond.

The Bureau of Indian Standards (BIS) has revised the standard on gold hallmarking in India from January 2018. The gold jewellery hallmark will now carry a BIS mark, purity in carat and fitness as well as the unit's identification and the jeweller's identification mark. The move is aimed at ensuring a quality check on gold jewellery.

#### **RISKS AND CONCERNS:**

The nature of the Company's business exposes it to several inherent risks and concerns. The Company strives to closely monitor the risks and to mitigate them by adopting suitable, pragmatic strategies.

#### a. Bullion Risk:

The volatility in the gold prices exposes the Company to bullion risk as gold forms approximately 30% to 50% of the cost of the finished product.

#### b. Raw Material Supplies Risk:

Though India plays a dominant role in the Gems & Jewellery industry in terms of processing and consumption, mining of gold and diamond is amongst the lowest in the world. India imports gold and rough diamonds along with other precious metals.

#### c. Currency Risk:

Currency risk arises from exposure to foreign currencies and the volatility associated therewith. 100% of our exports have been transacted in US Dollars. While the Company hedges majority of

its receivables, any sharp fluctuation in currency is likely to affect the cash flow of the Company as well as its profitability.

#### d. Geography Risk:

Dependence on any geographic location makes the Company's business in that region vulnerable to the economic slowdown therein. While USA continues to be our prime export destination

#### **Development Plans**

Our strategic intent is to leverage upon business model and our competitive strength to build brands and products that offer quality, trust and value to consumers. The focus has always been and continues to be value creation.

#### **Outlook**

Financial Year 2020-21 has started on an uncertain note due to the lock-down on account of Covid -19. With the economy at a standstill, predicting the way demand across will pan out in for the current year is difficult. However we are focusing on refining our offerings and on making the requisite investments that will enable us to continue our growth journey

#### **Corporate Profile**

## **™**REPORT ON CORPORATE GOVERNANCE

The Directors present the Company's Report on Corporate Governance for the year ended March 31, 2020, in terms of Regulation 34(3) read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulation").

#### 1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE:

Corporate Governance is the application of best management practices, compliance of laws and adherence to ethical standards to achieve the Company's objective of enhancing stakeholder value and discharge of social responsibility. It deals with laws, procedures, practices and implicit rules that determine a Company's ability to take informed managerial decisions vis—a—vis its claimants—in particular, its shareholders, creditors, customers, the State and employees. There is a global consensus about the objective of 'Good' Corporate Governance: maximizing long—term shareholder value."

MINI DIAMONDS (INDIA) LIMITED's philosophy on Corporate Governance is founded on ethical governance practices, a great many of which were implemented well before they were made mandatory. Integrity, transparency, fairness, accountability and compliance with the law are the columns of good governance which are embodied in the Company's robust business practices to ensure ethical and responsible leadership both at the Board and at the Management level. The Company's Code of Business Conduct, its Ethical View Policy and its well-structured internal control systems which are subjected to regular review for its effectiveness, reinforces integrity of Management and fairness in dealing with the Company's stakeholders.

Your Company believes that good Corporate Governance is essential in achieving long-term corporate goals, enhancing shareholders' value and attaining the highest level of transparency.

Your Company's philosophy on Corporate Governance is led by a strong emphasis on transparency, accountability and integrity and your Company has been practicing the principles of Corporate Governance since date of listing.

Your Company believes that all its operations and actions must serve the underlined goal of enhancing customers' satisfaction and stakeholders' value over a sustained period of time. All directors and employees are bound by a Code of Conduct that sets forth your Company's policy on important issues, including its relationship with customers, shareholders and Government.

The Company aims at maximizing long – term value and shareholders' wealth and thus adheres to the ethics, value and morals of the Company and its Directors.

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Financial Statements and Auditor's Report thereon The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report

including Annexures to Board's Report and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

## Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting
  a material misstatement resulting from fraud is higher than for one resulting from error, as fraud
  may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
  control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, make sit probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced.

We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation

precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **Report on Other Legal and Regulatory Requirements**

## Annexure "A" to the Independent Auditor's Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of The Mini Diamonds (India) Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of The Mini Diamonds (India) Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

## Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

## Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

## Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## **Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected.

Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
